

HOLLOW COAST

BAND · ABERDEEN

Hollow Coast are a three-piece from the north-east coast of Scotland who record with the doors open to the weather. Their songs swell and pull back like the sea pool outside the boathouse they work in.

Tidal Rooms, their first album for Saltway, came out in September 2026 and is the band's most patient record yet.

CURRENT RELEASE · SWY041

Tidal Rooms
