

EXPERIENCE

BRITISH COLUMBIA INSTITUTE OF TECHNOLOGY @SITE CENTRE OF EXCELLENCE

Jun 2021 - Present

UI/UX Designer

- Worked on a web development research project focused on enhancing educational opportunities for individuals in rural areas by collaborating with cross-function stakeholders, reduced time takes on the profile creation process by 65% resulting in an 85% completion rate during a social media campaign.
- Revamped the website for the National Advanced Placement and Prior Learning to streamline career pathways for veterans and military members. Developed new user flows, information architecture, and high-fidelity mockups in collaboration with designers and developers for seamless implementation.
- Established a scalable design system to improve efficiency in delivering visual components with enhanced functionality and accessibility.

TECHIES OF TOMORROW

Mar 2021 - Jun 2021

UI/UX Designer

- Conducted competitive analysis and user research to inform design solutions, presenting findings to clients and stakeholders.
- Crafted and organized design assets and maintained project documentation for effective planning, task organization, and deliverable prioritization.
- Fostered open communication and collaboration with clients, co-founders, and developers.
