About Meena

Meena draws inspiration from the stepped geometry of India's historic stepwells, quietly referencing the rhythmic descents of Panna Meena ka Kund. The pattern is conceived as architecture rather than ornament, built through layered inlay that creates a sense of depth and measured movement.

Craft Details:

- Architectural inlay in marble (hand-cut, hand-set)
- Alignment based on stepped geometry; proportion-based repetition
- Surface finished and calibrated post-inlay for seamless plane integrity
- Designed for depth without surface relief; flush to stone

All pieces are made to order.

Lead time: 6 Weeks
