Dear Hiring Manager,

My name is Angelica Hernandez and I am a recent graduate from the University of Houston. I'm writing to express my interest in the bank receptionist position at Citizens State Bank. While my background is in graphic design, I'm eager to apply my skills in communication, organization, and client service in a new professional setting—especially one as dynamic and impactful as banking.
wwSWW
Through my experience in design and previous roles, I have developed a keen attention to detail, the ability to multitask effectively, and a professional demeanor that translates well to welcoming and assisting clients in person and over the phone. I'm comfortable learning new systems, supporting team operations, and creating a positive, polished first impression—qualities I believe are essential for a successful bank receptionist.

I'm enthusiastic about the opportunity to grow within your banking community, contribute to a customer-focused environment, and bring a fresh perspective to the front desk. I would be grateful for the opportunity to interview and share more about how my skills can support your team.

Sincerely,
Angelica Hernandez
