Experience

UI/UX Designer

Irani Coders team | Contract | Oct 2024 - Mar 2025

End-to-end design for two products as a contract designer, a **project management dashboard** for **simplifying cross team collaboration** and a **smart medication reminder app**, working closely with the founder to translate product requirements into intuitive, launch-ready interfaces.

- Designed a large-scale project, **end-to-end user flows**.
- Built an **MVP-level interactive prototype** to validate key flows and reduce ambiguity before development.
- Designed an **in-product AI chat** experience, including chat UI patterns and file upload flows.
- **Collaborated** closely with **developers**

UI/UX Designer

UIX Pulse team | Contract | Jun 2025 - Aug 2025

Collaborated as a contract designer on different projects, with a focus on modernization and improving user experience through visual redesign and responsive design.

- Redesigned the homepage of 'Sandoogh Bime Bank Keshavarzi' with a focus on **modernization**, improving information **hierarchy** and visual consistency to help users find primary actions faster and **reduce friction.**
- Designed **landing pages** with responsive behavior and consistent UI patterns.

UI/UX Designer

Birdata team | Contract | Sep 2024 - present

Designed +10 websites as a contract designer, including e-commerce platforms and company websites, delivering consistent desktop and mobile interfaces across a range of industries.

- Designed visually consistent UI, covering layout, typography, color systems, and component design for both desktop and mobile.
- Built responsive interfaces with a focus on visual hierarchy and brand consistency

UI/UX Designer

Contract designer Mar 2024 - present
