midia in led

Built to amaze.

IF A SOLUTION EXISTS, WE'LL MAKE IT HAPPEN
IF IT DOESN'T, WE'LL INVENT IT.

Audio, video, and lighting for churches: clear guidance, tailored for your mission.

Complete AVL integration solutions for churches committed to communicating the Gospel with clarity.

+1.000

Trusted by churches and organizations across Brazil, the U.S., and Europe.

+13 years

Market experience in AVL solutions

270K+ sq. ft.

LED panels installed worldwide.

BHAG

1M+ lives impacted across four continents: the Americas, Europe, Asia, and Africa.

Opperation

Brazil, United States, Europe and China

1,000+ churches have elevated their worship experience with us.

From north to south across Brazil,
churches that trust our delivery:

Powering the moments that redefined their journey.

Four projects.
Four churches that leveled up.
And Midia in Led made it happen.

CATEDRAL DA FAMÍLIA

Complete AVL project featuring d&b audiotechnik audio, HD LED, and Blackmagic broadcast.
A benchmark of technical excellence at the service of worship.

LAGOINHA ORLANDO

"Living Screen" concept:
LED panels covering all the walls.
An environment where technology and spirituality walk hand in hand.

PIB DO BRASIL

The nation's largest indoor LED display: over 380 meters powered by HDR technology. Setting a new benchmark for visual clarity in worship.

VIDEIRA SEDE

A 100-meter curved LED wall inside one of Brazil's most influential churches.
Architectural design and technology in seamless harmony.

The same technology powering Brazilian major brands.
Now serving your Church.

Our expertise spans multiple industries and the trust of top-tier leaders in the Brazilian market backs every project we deliver

Full AVL.
One partner.
Zero rework.

Total integration between
LED, stage lighting, audio, and video
engineered to perform in perfect
sync during your worship service.

A single partner.
From the concept to delivery.

You don't hire an equipment supplier.
You're partnering with an end-to-end consultancy that brings your church's vision to life.

1.Diagnosis

Technical and aesthetic evaluation of your sanctuary acoustics, lighting, and rigging.

2.Project

Integrated planning of LED, audio, video, and stage lighting.

3.Installation

Specialized team, deadlines met, premium quality.

4.Support

Agile service via WhatsApp and exclusive financial feasibility.

5.Training

Practical team training, total day-to-day autonomy.

Your church has a vision. We make it possible.
