EDUCATION

Yaşar University

Electrical-Electronics Engineering

İzmir, Turkey

Graduation Date: Sep 2020

WORK EXPERIENCE

Berg X

UI/UX Designer

İzmir / Turkey

Feb 2024 - Present

- Engaging and user-friendly UI/UX design for meme coin projects, incorporating community-driven elements and seamless token interactions.
- Developed UI for Web3 dApps, creating intuitive interfaces for blockchain tools like multisender, token creation, and staking, enabling users to perform these actions with minimal friction.
- Built and optimized brand websites for blockchain firms, ensuring clear messaging, smooth onboarding, and strong brand identity within the crypto space.

Otif Logistics

UI/UX Designer

United States

Jan 2023 - Feb 2024

- Identify user needs and pain points within logistics workflows, and collaborate with developers to plan and design features that optimize efficiency and improve user experience.
- Create high-fidelity prototypes and wireframes to visualize and test solutions for complex logistics processes.
- Utilize innovative approaches to identify and address user experience challenges, ensuring seamless interactions and enhancing operational performance.

Otif Logistics

UI/UX Design Intern

United States

May 2022 - Dec 2022

- Designed and prototyped user interfaces for logistics platforms, focusing on improving navigation and simplifying complex workflows for both internal teams and customers.
- Conducted user research and usability testing to identify pain points in the logistics system, translating findings into actionable design improvements.
- Collaborated with developers to implement UI/UX solutions, enhancing real-time tracking features and ensuring a seamless experience across web and mobile applications.

Upwork

Freelance UI/UX Designer

Remote

Oct 2020 - May 2022

- Collaborated with clients to identify design requirements, providing effective solutions that meet both functional needs and business goals.
- Created wireframes, prototypes, and high-fidelity designs to bring client's visions to life, focusing on enhancing user experience and streamlining interactions.

Esit

Electrical-Electronics Engineering Intern

İstanbul, Turkey

Jun 2020 - Aug 2020

- Performing basic engineering calculations, ensuring the safety of the system, and executing tasks assigned by engineers.

SKILLS & INTERESTS

Skills: Figma, Sketch, Adobe Photoshop, Adobe Illustrator, Hotjar, Spline, Riv

CERTIFICATES

Responsive Web Design

HTML / CSS

Online

Oct 2022 - Dec 2022

- The practice of designing flexible websites that respond to different screen sizes, orientations, and resolutions.

- Learn the design process: empathize with users, define pain points, ideate solutions, create wireframes and prototypes, test and iterate on designs.
- Understand the basics of UX research, like planning research studies, conducting interviews and usability studies, and synthesizing research results.
