AML POLICY

Quo Markets LLC, registered with Financial Services Authority FSA: 3171 LLC 2024. Registered address: Suite 305, Griffith Corporate Centre, Beachmont, Kingstown, SVG (Company). The Company was issued approval by the Financial Services Authority, which allows it to maintain its registration with the ability to engage in forex business.

Quo Markets LLC is committed to the highest standards of the Anti-Money Laundering (AML) compliance and Counter-Terrorism Financing (CTF). To help the government fight the funding of terrorism and money laundering activities, law requires all financial institutions to obtain, verify, and record information that identifies each person opening an account.

Money laundering – the process of converting funds, received from illegal activities (such as fraud, corruption, terrorism, etc.), into other funds or investments that look legitimate to hide or distort the real source of funds.

The process of money laundering can be divided into three sequential stages:

- **Placement.** At this stage, funds are converted into financial instruments, such as checks, bank accounts, and money transfers, or can be used for purchasing highvalue goods that can be resold. They can also be physically deposited into banks and non-bank institutions (e.g., currency exchangers). To avoid suspicion by the company, the launderer may as well make several deposits instead of depositing the whole sum at once, this form of placement is called smurfing.
- **Layering.** Funds are transferred or moved to other accounts and other financial instruments. It is performed to disguise the origin and disrupt the indication of the entity that made the multiple financial transactions. Moving funds around and changing in their form makes it complicated to trace the money being laundered.
- **Integration.** Funds get back into circulation as legitimate to purchase goods and services.

Quo Markets LLC adheres to the principles of Anti-Money Laundering and actively prevents any actions that aim or facilitate the process of legalizing of illegally gained funds. AML policy means preventing the use of the company's services by criminals, with the aim of money laundering, terrorist financing or other criminal activity.
