👤 Profile

📌 I enjoy creating digital products from scratch and improving existing ones with a focus on innovation, creativity, and empathy.

📁 Professional Experience

UI/UX Designer • LC Waikiki

2025 March - Present

- I worked as a UI/UX designer on a large-scale project (used by hundreds of company employees) involving different teams such as software developers, analysts, and business units.
- I created Icon Library which include over 100 icons.
- I played a role in creating the design system.

UI Designer • Userspots

2022 October - Present

- I worked on a project where I designed the UI's for websites, mobile sites, and applications.
- I created UI kit's for different projects.

UI Designer Intern • Userspots

2022 July - 2022 September

- I participate in and support the design of websites, mobile websites, and apps through projects.

Digital Media Manager • Le Cordon Blue İstanbul

2021 June - 2021 December

- I did poster design, video editing, manage website content.

🎓 Education
