Product Designer

WORK EXPERIENCE

RamSoft • Bengaluru • Mar 2024 - Present

Product Designer • Full-time

- **Designed and launched** Blume, a patient self-scheduling and medical image viewer platform, in just **3 months**.
- Scaled Blume from **0 to 46,000+ users** with **12,000+ MAUs** in 9 months, driving **\$250K+ in revenue**.
- Designed the appointment booking flow based on user research, reducing **no-shows by ~25%**.
- Designed and shipped two separate **design systems for Blume and OmegaAI** with a team of three, improving visual consistency and easing collaboration across platforms.

GetCurious • Bengaluru • Jun 2022 - Mar 2024

Product Designer • Full-time

- Designed and launched a research SaaS platform for Moderated and Unmoderated Testing, onboarding **30+ B2B customers**.
- Designed a seamless **participant experience on the web and mobile**, helping grow the research **panel to 10,000+ users**.
- Conducted 1:1 usability tests and data analysis to improve study creation workflows, which increased engagement by **~75%**.

IAMIN World • Mumbai (Remote) • Jul 2020 - Sep 2020

User Interface Intern • Internship

- Helped the app reach **5,000+ downloads** in its first month of launch by simplifying task flows and visuals.
- Designed mobile features for both child and parent apps, including **goal setting, money transfers, and task management**.
- Redesigned the credit and transaction screens, so users could easily access their money activity.
