

EDUCATION

Harvard University Graduate School of Design	Cambridge, MA	Sep 2025 - Expected May 2027
Master of Design Studies '27 Program Domain: Mediums		
MIT Media Lab, Music & Theater Arts	Cambridge, MA	Sep 2025 - Expected May 2027
Cross-registration		
Syracuse University School of Architecture	Syracuse, NY	Aug 2020 - May 2025
GPA 3.856 / 4.0 Bachelor of Architecture '25 Dean's List - all semesters		
• Syracuse Architecture NYC Program The Fisher Center		NYC, NY
Moderated "Building Practice" Book Lunch discussion panel		Jan 2023 - May 2023
• Syracuse University London School of Architecture		London, UK
		Aug 2023 - Dec 2023

PROFESSIONAL EXPERIENCE

ByteDance (PICO) UI Designer on-site	San Jose, CA	May 2026 - Aug 2026
- Sole designer on an engineering-led product incubation team, owning end-to-end UI/UX for a companion app, its on-device display UI, and the product's branding research. - Designed the complete app interface across all core flows and delivered two UI/UX analysis reports, then built an interactive web mockup and an on-device build so the design could be evaluated in real use. - Built a Figma-to-code workflow using AI agents and MCP integrations to generate UI directly from design files, then refined device-side UI on running prototypes against actual hardware rendering. - Worked with a partner team across three product demos over two months, owning UX and UI end to end for one while working alongside engineering on device build and setup. - Supported internal user testing and interviews with 12 participants, analyzed session data to identify 5 prioritized improvements, and defined and labeled scenario-based data supporting downstream feature work.		
CROSSBOUNDARIES Architect-in-training on-site	Beijing, China	Jun 2024 - Aug 2024
- Designed proposals for Jianxiang Special Care Academy with autism research, diagrams, and interior renderings. - Drafted AutoCAD documents and produced Rhino models with interior/exterior renderings for 21st Century Kindergarten and Mykey Landscape Renovation. - Contributed to concept development, modeling, and renderings for Haier's Pop-Up Exhibition. - Taught AI tools and model-making to children at CROSSBOUNDARIES Summer School. - Developed 5+ interior layout iterations for the Beijing International Book Store, supporting ideation and spatial design.		
Rockwell Group Intern Architect on-site	NYC, NY	Jan 2023 - Apr 2023
- Produced Rhino models and rendered with Enscape and V-Ray to help create initial concept for organic interior design proposal. - Curated mood boards focused on targeted materials and design strategies. - Coordinated with material manufacturers and compiled material lists in Excel, then edited drawings in AutoCAD for a townhouse. - Organized and formatted files for presentation to clients in InDesign and PowerPoint.		

AWARD

Dean’s Citations for Excellence in Design Research 2025 Britton Memorial Awards	2025
• The directed research project “Morphogenesis ” won Dean’s Citations for Excellence in Design Research at Syracuse University.	
BRONZE Award The 23rd Asian Design Award: Towards Creative Economy	2025
• The directed research project “Morphogenesis ” won Bronze Award in the Regenerative Design Category.	
GOLD Award The 21st Asian Design Award: Daily and Local	2023
• The project “In-Situ Kabele ” won Gold Award in the Temporary and Movable Building Category.	

SKILLS

Digital	Adobe Creative Suite Adobe After Effects Android Studio Arduino AutoCAD Blender Cinema4D(basic) Claude Code Enscape Figma Final Cut Pro Fologram Framer Git MCP Microsoft Office365 p5.js QGIS Rhino TouchDesigner Twinmotion Unreal Engine 5 V-Ray for Rhino VS Code
Fabrication	3D Printing Casting Ceramic CNC Laser Cutting Woodworking
Language	Mandarin (Native) English (Professional Working Proficiency) Japanese (Intermediate)
