TBC BANK

Apr 2021 - Sep 2022 · 1 yr 6 mos

I worked as a product designer for NI Bank in Georgia.

Updating and reworking some of the

complex flows such as transactions, transfers, etc.

Working together with an award-winning cross-functional

agile team, creating and implementing new features, and

creating solutions to “make people's lives easier”

Visual & Digital Product designer

iSpace | Apple Premium Reseller · Part-time

Sep 2020 - Mar 2021 · 12 mos

Helping a local premium authorized reseller of Apple products update their visual communication. My main role was mostly web/art direction and consulting for social media visuals. Which included graphic, print, and social media design. Following apple design guidelines.

Dec 2019 - Oct 2020 · 12 mos

I was a part of a design team, consisting of 4 members. I worked as a product designer and was tasked to come up with new features as well as improve old ones. We also started developing a design system working close with developers. In the first quarter of app going live we reached 50K+ active users which was a great achievement for local market.
