SUMMARY

UI/UX & Product Designer who turns complex information and business goals into clear, engaging digital experiences. With 3+ years in UX/UI and 5+ years in visual design, I bring a strong combination of user-centered design, visual communication and healthcare knowledge.

PROFESSIONAL EXPERIENCE

Product Design Team Lead

TechCrush | Remote | 2026 - 2026

- Led end-to-end UX/UI and product design projects, in collaboration with Designers, Developers, Product Managers
- Applied User-Centered Design methods including user research, personas, user flows, wireframing, prototyping and high-fidelity UI design.
- Developed scalable design systems in Figma, led design reviews and critiques, mentored designers, and translated user needs into functional, visually engaging and consistent digital experiences.

UIUX Designer

Belsoft Systems, Remote | 2024 – 2025

- Designed user-centered web and mobile experiences, translating business requirements into intuitive, responsive interfaces using Figma, wireframes, prototypes and design systems.
- Conducted UX research, competitor analysis, user flows and information architecture, applying usability, interaction design and accessibility principles.
- Collaborated with Developers, Product Managers and Stakeholders to deliver production-ready designs through design handoff, documentation and iterative usability improvements.
