

PRODUCT PROFILE

BFS
MACHINE

PURIFIED
WATER

Ointment/
GEL

PURIFIED WATER PREPARATION & DISTRIBUTION

BFS Machine

Model	Capacity	Material	Speed (BPH)
JA-100	100	PE, PP, PET	1500
JA-200	200	PE, PP, PET	1500
JA-300	300	PE, PP, PET	1500
JA-400	400	PE, PP, PET	1500
JA-500	500	PE, PP, PET	1500

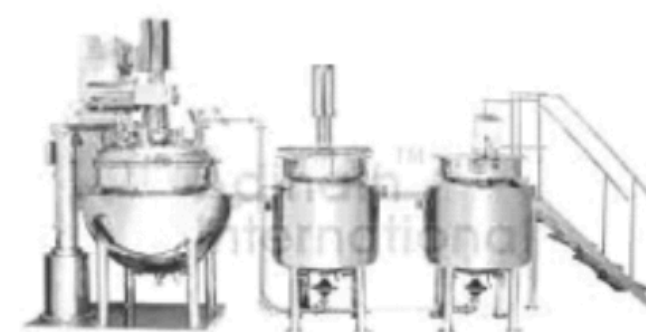

Advantages of BFS Machine:

- High production capacity (up to 1500 BPH)
- Suitable for various materials (PE, PP, PET)
- Compact design (small footprint)
- Easy to operate and maintain
- High quality and consistent output
- Suitable for various bottle shapes and sizes

Manufacturing of OINTMENT / GEL Preparation

Processing Machine: Tube Filling
Line Laminate / Al Tube
Origin: India

Processing Machine:
Ointment Mixing Vessels
Origin: India
