Summary

I am a reliable design student and I'm confident with the creative thinking and design process. I enjoy exploring new tools, software and experiences. My goal is to gain good experience and learn something unique.

Relevant Experience

Design Strategy and Computation, Sheridan College

- Examined pain points of an app of choice
- Facilitated user testing and research for improvement points
- Created interactive wireframes on Figma, transferred them to Protopie for further development.
- Created a working prototype with voice commands to address the concerns from user testing and pain point research.

Education

Honours Bachelor of Interaction Design

Sheridan College, Oakville · Sept 2023-Expected Graduation Apr 2027 · GPA 3.71
