

X-PAINT

by **HEMEL**[®]

NEXUS

A new beginning on every surface

Why Choose Nexus?

All Surface Adhesion

Adheres perfectly to wood, tile, metal, glass, PVC & more — no primer needed.

Two-Coat Coverage

Achieve full color and opacity with just two coats.

Smooth Soft-Matt Finish

Elegant, glare-free results for any room or renovation.

Water Based & Low Odour

Paint indoors with zero discomfort — safe for kids and pets.

Quick Drying

Dries to the touch in minutes. Recoat the same day.

No Catalyst or Hardener Required

Easy to use – ready to apply straight from the can!

Superior Stain, Water and Scratch Resistance

Achieve maximum durability with X-Paint Nexus Shield (clear topcoat).

Product Info

Type: Water-based multi-surface paint

Finish: Soft-matt

Packaging: 0.75 L • 2.5 L

Coverage: 10-12 m²/L per coat

Tools: Brush • Roller • Spray Gun

Drying Time: 2 hours

How to Apply:

- Clean & degrease surface.
- Lightly sand glossy areas.
- Apply 2 coats of X-Paint Nexus.
- For enhanced durability – especially on horizontal surfaces – finish with X-Paint Nexus Shield (clear topcoat) for superior stain, water and scratch protection.
- Avoid direct application on wood surfaces that have been previously treated with oil-based products.
