

SIGNAL / DATA / CONTROL LINE FILTERS

✧ TYPICAL APPLICATIONS

This series of signal filters are used for telephone, data communication, control and fire alarm.

✧ PRODUCT RANGE

TYPE	RATED VOLTAGE	RATED CURRENT	BAND PASS	TYPICAL APPLICATIONS	OUTLINE DRAWING
S-T2/A2	95VAC/125VDC	2x0.3A	0-20kHz	Telephone, fax	1
S210-1/A2	250VAC/250VDC	2x1A	0-100kHz	Control signal AC/DC switch signal	1
S203-1/A2	250VDC	2x1A	0-6MHz	Special fire alarm	1
S-LAN100/04P				100M/s Network signal	2
S-LAN1000/04P				1G/s Network signal	2
FC-USB3L				USB2.0/3.0 signal	3

- Above signal filters are in compliance with standards specified by National Military Class C and D shielded room and anechoic chamber.
- Please specify number of control line and current volume if control lines are more than 2 or current is bigger than 1A.
