PROFILE

My name is Daniel Park a graduate student at Rhode Island School of Design.
I have a multicultural and wide experience of background that allows me to tap into many fields and studies around me.

I am passionate about Industrial Design and working towards accruing experience and expertise towards ideating and prototyping products.

WORK EXPERIENCE

Cultural Liason

Rhode Island School of Design — August 2024 - Present

- Work with Traci Williams, Ayako Takase heads of the Masters of ID department to coordinate events and public events headed by the Masters program
