WORK EXPERIENCE

LotusFlare

JAN 2026 - PRESENT

Product Designer

- Spearheading the **end-to-end evolution of a multi-brand design system** and component library by **leveraging Claude Code** to architect a structural framework that supports five global brands from a single source of truth.
- Led the UX design for an enterprise line provisioning console on **T-Mobile's self-service platform**. **Transformed weeks of manual coordination into an automated workflow** for bulk allocation, real-time request tracking, and inventory management at scale.
- Leading end-to-end usability studies for core product features, utilizing flash testing and "blind" discovery methods to optimize information architecture.
- Serving as the sole design authority in India, **managing global synchronization between US & Europe** design teams and local engineering teams.

Publicis Sapient

MAY 2025 - JAN 2026

Senior UI/UX Designer

- **Led the design system foundation** for an **MVP B2B product** for Do It Best, building the design system foundation from scratch with accessibility-first principles, ensuring WCAG-compliant color contrast, typography, and interaction patterns for the product's first release and future scalability.
- Led the UX strategy and UI for 10+ critical flows, delivering 40+ accessible components and conducting testing with 20+ participants to improve task success and handoff efficiency.

Qualys

AUG 2022 - MAY 2025

Senior UI/UX Designer

- **Led the UI 4.0 redesign** for the Qualys Platform, impacting **10,000+ customers across 130+ countries**. Built the **Qualys Design System** from the ground up to ensure consistency and scalability, streamlining UX processes and **boosting user satisfaction by 40%**.
- Revamped workflows for Qualys CSAM & ETM, improving **task completion rates** and **reducing onboarding time** for new users. These enhancements **streamlined user interactions, improved efficiency**, and contributed to **higher adoption rates** and **positive client feedback**.
- Drove innovation in visual design and strategy projects, **enhancing the user experience** across Qualys products. This significantly **raised product appeal and engagement levels**, contributing to overall business growth and success.

- **Mentored 5+** junior designers, maintaining high standards and fostering growth within the team. This led to supportive work environment, leading to greater **team cohesion and productivity**.
