GRADES OVER TIME

SECTION 01

How to use your tracker

One paper at a time. Five steps, and you always know your grade and what to revise next.

1

Sit the paper, timed

Pick a series from your board and tier. Do Paper 1, 2 and 3 under exam conditions: 1 hour 30 minutes each, no notes, the right equipment.

2

Mark it with the mark scheme

Use the board's own mark scheme, not the answers alone. Give yourself the method marks you earned, even where the final answer is wrong.

3

Write your marks in

Each paper is out of 80. Add the three for your total out of 240, and write the date.

4

Read your grade off the boundaries

Under every series are the official grade boundaries for that sitting. Your grade is the highest grade whose number your total reaches.

5

List the 2 topics to revise

Look for the questions that cost you the most marks. Write the two topics down, revise them this week, then sit the next paper.

Example, Edexcel Higher June 2026. Paper 1: 52, Paper 2: 58, Paper 3: 49, so the total is 159. The boundaries are 7 146 and 8 177. 159 reaches 146 but not 177, so that's a grade 7.

WHERE TO GET THE PAPERS

Papers and mark schemes are free on your exam board's website (Pearson Edexcel or AQA). The newest series is often for teachers only, so ask your teacher for it.

Hey,

If you'd like help working through past papers every week, here's how MyGCSEMaths works.

Free live lesson

I teach a free GCSE Maths lesson live on YouTube, working through a past paper question by question. Join, ask questions in the chat and see if the way I teach works for you. The next date is at [mygcsemaths.com/free-lesson-signup](https://www.mycsemaths.com/free-lesson-signup).

Group Tutoring

Three live lessons a week, on Tuesday, Wednesday and Thursday at 5.30pm, plus the recordings and a community where you can ask questions.
