Advocacy Racism report survey: ○ We have 28 responses so far. Last year there were a little over 50 responses – but I would ideally like to do even more ○ One of the main criticisms is this small sample size - Do fill it out in detail ○ Just thinking – the 2023 racism report was really impactful because it was a documentary, and I think the examples of how our BIPOC identities are shaped/impacted by racism might be helpful to include if that makes sense bc that was the most impactful part for me in the AHRC report. Not sure. Just an idea. ○ Future idea – bringing BIPOC zines to the racism report launch ● Actioning items for racism report survey even more – probably word of mouth most impactful – will let interhall BIPOC committee know ○ Just realising that BIPOC dept is contentious re XIBO screens but I will get that done too ○ I really liked the idea of the zines, but not sure how to distribute them outside of market day	- Racism report - A bunch of small zines left over - More printing of promo/posters - Stickers? - Reels can promote survey - Interhall BIPOC meeting 24 August - Collab with other departments and societies for intersectional advocacy events - BIPOC talks themed every week - Emma ran 3 -hour anti-racism training session for heads of halls - Acknowledge anti-racism work that is done by uni but its not enough in Racism Report	- Plug racism report survey at every event - Reach out to other departments

- o Maybe posting the ‘intro to BIPOC’ post though? To the Instagram? As a refresher for new people & like as a pinned post etc, but we can also add more slides on ‘What is the BIPOC dept, what do we do, how to get involved etc.’? - o Yes I must poster sorry I haven’t but if we have leftover A5 handouts I’ll take some and stick some up - o If anyone wants to make a reel promoting it – Im not very good at that but yes • IARC news on staff anti-racism - o I delivered a training yesterday yippee yay not a fix all but yes wanted to share that was happening • BIPOC talks – ideas for advocacy and like when bc if we have time for the advocacy one – thoughts on running a BIPOC x another department talks sesh?? Like BIPOCxQueer, BIPOCxDSA, BIPOCxEnviro even • Any ideas or things on political stance etc
