

# EXPERIENCES

## On Site

LearnIt's On-Site Classroom Experiences deliver tailored workshops for SHSM certifications right to your school. Led by expert facilitators, these hands-on sessions provide students with practical skills aligned with their career goals, all in the comfort of their own school.

## Off Site

LearnIt's Off-Site Experiences take SHSM students beyond the classroom, offering workshops, panel discussions, and office tours with industry professionals. These real-world experiences, in partnership with top organizations, inspire students and broaden their career horizons.

**& more!**

I believe the way the workshop is set up is perfect, I like how engaging the facilitators are, they make sure each person is caught up.

This was an amazing opportunity and I learned a lot about LinkedIn and how to create more effective professional profile and connections.
