Experience

FirstScreen , **UX/UI Designer, Dubai, UAE.**
March 2023 - Current
As a UX/UI Designer in Firstscreen, I specialize in crafting visually engaging, intuitive landing pages and websites across diverse digital platforms, including streaming services, gaming portals, eBooks, audiobooks, and learning hubs. My focus is on delivering clean, modern, and user-friendly experiences that enable seamless customer interactions, helping clients engage effortlessly with services.

NAAS Digital , **UX/UI Designer, Dubai, UAE.**
November 2022 - March 2023
At Naas Digital Agency, I was part of a passionate team dedicated to delivering end-to-end digital solutions that transformed client visions into impactful digital experiences. My role involved creating seamless, user-friendly website designs, mobile apps, and SaaS platforms. I contributed to developing user-centered solutions that provided engaging, intuitive experiences for end-users.

VOSTOK Real Estate, **UX/UI Designer (Freelancer), Dubai, UAE.**
October 2022 - December 2022
Redesign of the Vostok Real Estate website focused on creating a modern, user-friendly interface that enhances property browsing and streamlines user interactions. The goal was to improve usability, visually elevate the brand, and ensure an intuitive experience for clients seeking real estate services.

RADCODE Studio, **Kyrgyzstan,** UX/UI Design Intern
July 2022 - September 2022
Collaborated closely with Senior UI/UX Designer and Product Development Team to create intuitive user experiences and clean, engaging interfaces for digital products, focusing on enhancing usability and visual appeal.
