Welcome to LYH Group Export Department

At LYH Group, we create kitchenware and housewares that brands love and customers use every day. From innovative kitchen gadgets to essential home products, we focus on one simple principle: products should "Good Look" and "Strong Use".

Our Background

LYH Group started with a clear goal: help brands create housewares that stand out and last. We've grown into a trusted name for OEM and ODM solutions. We design, source, make, and ship products that fill kitchens and homes around the world.

Today, we serve over 400 brands with more than 1000 custom designs. Our products reach 60+ countries, from busy cafes to cozy family tables. We keep things straightforward—your idea, our skills, real results.

Key Facts

Expert Services

Full support from design to delivery.

Proven Reach

Global shipments, quick and reliable.

Happy Partners

Hundreds of brands trust us for their wins.

What Guides Us

Our Mission

To empower brands with housewares that shine in style and stand up to everyday demands. We partner with you to turn ideas into products that delight customers—easy to love, tough to break. Through smart design and reliable making, we help you win markets with goods that feel just right.

Our Vision

A world where every kitchen and home is filled with tools that bring joy and ease. We see LYH leading the way: more brands choosing us for creations that mix beauty with power. In the years ahead, we'll keep pushing for better—greener ways, faster builds, and bolder ideas—so your success grows as strong as our products. Together, we make living better, one good look at a time.

Happy Partners

Hundreds of brands trust us
for their wins.

Good Look

Clean, fresh designs that fit your brand perfectly.

Strong Use

Built tough for real life—drop it, use it, love it.

What We Do

We make the process simple and sure. Our team handles it all, so you focus on your brand.

Our Steps

Clean, fresh designs that fit your brand perfectly.

Design

We shape your vision with smart, custom ideas.

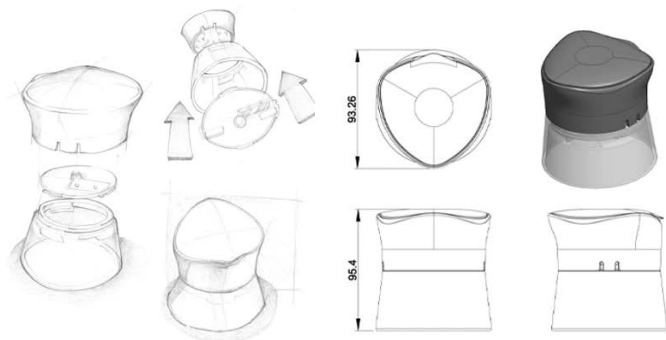

Source & Make

Top materials and precise builds for lasting quality.

Check & Ship

Full tests, then fast delivery worldwide.

Specializing in OEM (your specifications, our manufacturing) and ODM (our designs, your brand), we deliver exceptional housewares for a true win-win partnership.

BAKE

Linzer Cookie Cutters

Features:

It is a specialized stamping tool for creating intricate, embossed pie crust patterns. The plunger imprints a detailed "thumbprint" texture while cutting clean shapes.

Why They Win:

Its unbeatable combo of detail, simplicity, and creativity. It outperforms basic fluted edgers and vintage embossers by delivering high-impact designs with zero learning curve, perfect for novice bakers or time-crunched hosts.

Design Ideas:

Designed for creating instant, textured motifs.
Super for making linzer.

FORMA

CORE

Spiral Ninja Peeler

Features:

It combines spiralizing and slicing in one tool, making it ideal for creating "zoodles," curly fries, ribbons, and more. Perfect for fruits like apples or veggies like potatoes

Why It Wins:

Easy Cleanup and Space-Saving.

Value for Frequent Use: If you own a Ninja, it's a low-add-on cost for high-volume prepping or kid-friendly veggie fun.

Design Ideas:

Designed for effortless vegetable and fruit prep.
Saving time on multi-step prep.

CORE

Berry Baskets

Features:

It is a compact, two-piece kitchen essential. Basket base promotes airflow to prevent moisture buildup, extending berry life. Stackable and Space-Saving.

Why They Wins:

Lightweight and shatterproof unlike porcelain. It's arthritis-friendly for quick rinses and portable for picnics. It fits modern kitchens better than industrial metal colanders

Design Ideas:

Designed for handling delicate produce like berries, grapes, or cherry

FORMA

CORE

Whisks

Features:

Made from durable stainless steel. Silicone-coated options protect pans. All resist rust, aerate, emulsify, and blend without scratching.

Why They Win:

Silicone options silence scratches on nonstick, quieter than steel. Stainless holds shape through heavy batters, heat-safe for direct-pan use. Eco-friendly reusables over disposables.

Design Ideas:

Designed for power and efficiency, our whisks save time while delivering the same high-quality results.

TEA

Tea Infusers

Features:

These no-fuss tools turns any mug into a personal teahouse, delivering consistent, mess-free steeps in 3-5 minutes.

Why They Win:

Stainless steel lasts years without rust or dents if handled gently.
The mesh promotes even steeping with room for leaf expansion.
The chain-hook setup hooks onto thermoses for office/commute use.

Design Ideas:

Designed for brewing loose-leaf tea, herbs, or spices in a single mug or small pot.

FORMA

TEA

Teapot and Cups

Features:

The thick cast iron construction evenly distributes heat and keeps tea warm. Enamelled versions prevent rust and metallic tastes, while uncoated ones infuse trace iron into the water for a subtle flavour enhancement.

Why They Win:

Uncoated interiors release minerals that soften water, reducing bitterness and yielding a smoother, sweeter brew. Perfect for everyday use that feels special, aligning with efficient designs that save time without sacrificing quality.

Design Ideas:

Designed for heat performance and easy brewing, ensuring products that brands love to stamp and customers reach for daily.
