Framer
Spline
Protopie

PROFESSIONAL EXPERIENCE

Skite - Creator Mobile App

2025

Product & Web Designer

- Designed a mobile-first creator monetization app with products, classes, calls, and private messaging.
- Streamlined onboarding, payments, and scheduling into intuitive mobile workflows.
- Crafted clear microcopy and empty states to guide and retain first-time users.

Powergolz - Web Design Project

2025

Product & Web Designer

- Created an investor-facing website to showcase the startup's rental tech and business model.
- Designed a clear "how it works" flow to simplify the user journey.
- Optimized for mobile, demo, and pitch scenarios to boost engagement.

Bluedill - Web/Software Design Project

2024

Product Designer

- Designed a secure, multi-role dashboard for seamless contract drafting, tracking, and signing.
- Streamlined the signing flow, reducing drop-offs by 40%.
- Built a reusable Figma component system for faster dev handoff.
