Silvertree

Growing in Skill. Rooted in Purpose.

Spiritual Formation

Grow in purpose and leadership. At Silvertree, you develop not only technical skills but also faith-driven values that shape your work and life.

Industry Partners

Learn from founders, managers and senior software developers at leading local and international companies. Complete a 3-month paid internship at a tech company in SA or the USA.

Professors of Practice

Be inspired by world-class leaders in the faith and tech, such as Henry Kaestner, Marlon Parker, Wendy Luhabe, Dr. Russ Tuck, and Nico van der Merwe.

Who We Are?

Silvertree is a new kind of higher education institution. We combine industry-aligned qualifications with personal mentoring and spiritual formation. Our mission is to equip students in Africa with the skills, values, and vision to thrive in technology and lead with purpose.

What We Do?

We provide accredited, future-ready programs designed in partnership with leading companies and global thought leaders. Through coding projects, work experience, and mentorship, we prepare you not just for a job — but for a meaningful career where your skills and faith make a lasting impact.

Silvertree

7 Quantum Street, Technopark,
Stellenbosch, South Africa
