Why X-Paint Metal?

Direct to Metal

Can be applied directly to bare, painted, or rusted metal surfaces without the need for a primer.

3-in-1 Protection

Primer, rust inhibitor, and topcoat combined in one easy-to-use product.

High Corrosion Resistance

Forms a strong protective barrier against moisture, rust, and outdoor conditions.

Water-Based and Low-Odor

Comfortable for both indoor and outdoor use; easy to clean and free from harsh odors.

Fast Drying

Dries to the touch in 15 minutes. A second coat can be applied within 1.5–2 hours.

UV-Resistant Finish

Resistant to yellowing, fading, and deterioration caused by prolonged sun exposure.

High Coverage

Provides excellent hiding power and rich color intensity with just two coats.

Application & Coverage

Application Methods: Brush, roller, or spray gun

Coverage: 10 m²/L (one coat)

Drying Time:

Dust-Free: 15 minutes

Touch Dry: 30 minutes

Recoat: 1.5–2 hours

Complete Dry: 12 hours

Areas of Use

- All types of iron, aluminum, and metal surfaces
- Balcony railings
- Garden furniture
- Wrought iron elements
- Doors, window frames, and window grilles
