

Vegan Accords Standards Committee

Application Process

Thank you for your interest in serving on The Vegan Accords Standards Committee.

The Vegan Accords Standards Founding Summit will bring together a diverse group of advocates, creators, entrepreneurs, community leaders, and other changemakers to help establish the foundational framework for The Vegan Accords Cities Initiative. Through a collaborative full-day working session, Committee Members will explore what meaningful support for plant-based living could look like at the city level and contribute recommendations that may help shape future standards, partnerships, and initiatives.

We are seeking individuals who are passionate about advancing plant-based living and who can bring thoughtful, constructive, and practical perspectives to the conversation. We value a diversity of experiences and viewpoints and are particularly interested in individuals who can balance ambition with practicality, collaborate respectfully with others, and contribute to solutions that can create lasting real-world impact.
