

SIRP Progress Note

Situation • Intervention • Response • Plan. Built for crisis and case-management contacts, where the situation carries the context.

Client: _____ Date: _____ Time: _____

Clinician: _____ Duration: _____ Location: _____

Contact type: ☐ Scheduled ☐ Walk-in ☐ Phone ☐ Mobile/community

S Situation

Why this contact is happening and its context: presenting problem, the client's report, your observations, risk screening and result.

Reason for contact: _____

Risk screen and result: _____

I Intervention

What you did: assessment, de-escalation, skills, safety planning, calls made, referrals, resources provided. Include times in crisis contacts.

R Response

How the client responded: their words, ratings, observable behavior, what they accepted or refused.

P Plan

Next steps with owners and timeframes: follow-up contact, appointments, client commitments, and the escalation condition.
