The Luxury Everyone Can Afford

A great ferry isn't just about getting from one shore to another. It's about making every journey comfortable, quiet, and memorable.

Inspired by the elegance of a limousine, Limo brings a premium experience to passenger ferry transport with its all-electric propulsion system. Designed to carry up to 24 passengers, it glides effortlessly across the water in complete silence, free from engine noise, vibrations, and emissions, delivering a smooth and relaxing ride.

Built for tourism, water transport, and special passenger services, Limo combines practicality with refined comfort. Luxurious sofa seating, ambient lighting, and thoughtfully designed interiors create a welcoming environment where passengers can unwind while enjoying the scenery around them.
