WELCOME TO COSTA BLANCA DESTINATION WEDDINGS

Hi lovely couple,

How special that you are here—taking the first steps towards your wedding in Spain.

My name is Celia van den Berg, owner of **Costa Blanca Events** and **Creative Collective Weddings**. Together with my team, I look forward to guiding you through every step of creating an unforgettable destination wedding.

With over 10 years of experience in event planning and styling, I have had the honor of creating countless beautiful moments for couples. What started as a passion for styling and creating atmosphere has grown into a full-service wedding planning and design company, operating both in the Netherlands and Spain.

What truly sets us apart is that we combine planning and styling in one.

We don't just organize your wedding—we design the entire experience.

From the first ideas to the final details, everything is aligned, personal, and carefully thought through.

I believe that every wedding should feel effortless, elegant, and above all—true to who you are as a couple. That's why I am always personally involved, making sure everything feels right and that you feel supported every step of the way.

Planning a destination wedding can feel overwhelming, but with the right guidance, it becomes an exciting and enjoyable journey.

Together with my team, I make sure you have clarity, structure, and peace of mind—so you can truly enjoy this special time.

In this brochure, you'll find a first impression of what we offer and how we can help bring your dream wedding to life.

And most importantly—you don't have to do this alone ❤️

WHAT WE DO | FULL SERVICE WEDDING PLANNING

INVESTMENT

With full-service planning & design, we take care of every detail from the very first moment.

This means we guide you through every step, from the initial concept to the final execution, allowing you to fully enjoy this exciting chapter of your lives without the stress of managing countless details yourself.

This service is designed for couples who value a cohesive, beautifully designed, and flawlessly executed destination wedding. Our role extends far beyond coordination—we curate the entire experience, ensuring every element reflects your vision while maintaining the highest standards of quality and service.

At Costa Blanca Events, we work with a transparent planning fee of 10% of the total wedding budget. This fee covers complete planning, design, supplier management, logistics, styling, timeline creation, and on-the-day coordination—from the first consultation to the final dance.

Following our initial consultation, we will prepare a bespoke proposal tailored to your wishes, priorities, and the overall concept of your wedding.

Our Minimum Wedding Budget

To provide the level of service and experience we are known for, we accept weddings with a minimum overall wedding budget of €20,000.

This minimum budget allows us to create a destination wedding that meets our quality standards while ensuring every aspect of the day receives the attention it deserves. It enables us to work with carefully selected venues and trusted professional suppliers, create a beautifully styled event, and deliver the seamless guest experience that defines Costa Blanca Events.

Rather than focusing on the size of the wedding, we focus on delivering an exceptional experience where every detail has been thoughtfully considered. Whether you are planning an intimate celebration or a larger gathering, our goal is always the same: to create a wedding that is elegant, personal, and unforgettable.

Our planning fee of 10% reflects the expertise, creativity, time, and dedication required to design and execute a truly refined destination wedding. Throughout the entire planning process, we act as your trusted partner, carefully managing every detail so you can enjoy the journey with complete peace of mind.

Unlike many wedding planners, we do not limit the number of meetings, video calls, emails, or contact moments. We believe planning your wedding should never feel restricted. Whether you have a new idea, a question, or simply need advice, we are always here to support you. Open communication, personal guidance, and genuine commitment are at the heart of everything we do.

FLORAL DESIGN

WITH REAL TOUCH SILK FLOWERS

At Costa Blanca Events, we believe that flowers are not just decoration — they define the entire atmosphere of your wedding day.

That's why we work exclusively with high-end silk flowers, known as real touch. These premium florals are designed to both look and feel like fresh flowers, making them almost impossible to distinguish from real blooms.

Our choice for silk is intentional and refined.

Unlike fresh flowers, which can wilt under the Spanish sun, lose their shape, or vary in quality, our real touch florals remain perfect from the first moment to the very last dance. This ensures that your ceremony, dinner setting, and every styled corner of your wedding looks flawless all day long — and in every photo captured.

Beyond their beauty, silk flowers allow us to create fully customized and consistent designs. We can carefully curate every detail of your floral concept, from soft romantic palettes to bold statement installations, without being limited by seasonality or availability.

The result:

A luxurious, timeless floral design that elevates your wedding and preserves its beauty throughout the entire experience.

Our extensive collection of premium silk flowers — one of the largest on the Costa Blanca — allows us to design unique, high-end floral concepts tailored completely to your vision.

Because your wedding deserves to look perfect — not just for a moment, but all day long.

OUR DECORATION PACKAGES

At Costa Blanca Events, we believe that planning your wedding should feel exciting, not overwhelming.

That's why we've created three carefully designed decoration packages—making the process simple, clear, and completely stress-free.

Each package includes all the essential elements you need to create a beautiful and cohesive ceremony setting, allowing you to focus on enjoying your special day while we take care of the details.

Our styling is thoughtfully curated to reflect a timeless, romantic atmosphere, fully aligned with the natural beauty of the Costa Blanca.

What's Included

All of our decoration packages include the core elements for a complete ceremony setup:

- A beautifully styled ceremony arch (prieel) as the focal point of your vows
- An elegant ceremony bench for the couple
- A stylish aisle runner to create that unforgettable entrance
- A personalized welcome sign to greet your guests
- Iconic light letters to add a modern and romantic touch
- High-quality floral decorations, using our signature real-touch silk flowers that look and feel like fresh blooms

Each element is carefully selected and styled to create a harmonious and luxurious look, without the need to coordinate multiple suppliers.

Optional Additions

Depending on the size of your wedding and your specific wishes, we offer additional options to complete your ceremony setting:

- Guest seating (chairs), styled to match your chosen design and theme

Why Choose Our Packages

What makes our approach unique is that we provide everything in-house. This means no miscommunication, no multiple vendors, and no unnecessary stress. You have one dedicated team, one clear vision, and one seamless execution.

Our packages are designed to be flexible, allowing you to choose a base that fits your needs while still having the freedom to personalize details.

Whether you're planning an intimate ceremony or a larger celebration, our goal is to create a setting that feels effortless, elegant, and truly unforgettable.
