ENTREPRENEURS MAKE THE DIFFERENCE...

Changing Tides Limited has for years recognized the importance of entrepreneurs and networking. Entrepreneurs are known for having incredible passion and great ideas but also for their will to turn their ideas into reality and in the process, shape and transform their communities, countries and our World. Everything we see around us is the result of their fresh thinking and hard work.

THE ENTREPRENEURS' CIRCLE - CELEBRATING ENTREPRENEURS

We started The Entrepreneurs' Circle 3 years ago to celebrate and promote entrepreneurs so that they would become aware of each other and help one another by leveraging their experiences, stories, industry capabilities, locations around the World and resources. Today The Entrepreneurs' Circle is host to over 600 entrepreneurs and entrepreneurial professionals spanning 62 countries around the World and ranging from newly created companies to decades old multi-million dollar family-owned corporations as well as large membership based women, business and networking organizations, ensuring that we are able to influence, be influenced by, work and grow with many of tomorrow's global movers and shakers.

A VAST AND STRONG NETWORK IN AFRICA'S POWERHOUSE - THE RAINBOW NATION

South Africa is by far the continent's wealthiest state in total GDP, accounting for 30% of the continent's GDP in nominal terms. It is also host to the largest concentration of entrepreneurs within our Entrepreneurs' Circle - with over 370 entrepreneurs out of a total of almost 650 - making the network a central point of contact for advice, technologies, projects, deep technical skills and financing for various of our own and other local and international entrepreneurs' services, businesses and initiatives across the country and the African continent.

TAPING INTO THE GROWTH MOMENTUM OF THE AMERICAS

The recovering U.S. economy is still the largest and most productive in the world and among the largest exporter of goods and services while also racking up 15% of total global Foreign Direct Investment inflows. It also has the top global brands and leading technologies and is in the middle of an energy renaissance.

To the South, Latin America has maintained high levels of economic growth, attracting increased foreign investment and tourism and making great progress towards poverty alleviation, while building a larger and more demanding middle class. The region is fertile ground for innovative businesses and comprehensive long-term development.

THE EAST: A DYNAMIC, DIVERSE AND STRONG REGION OF THE WORLD

The economy of Asia comprises more than 4.2 billion people (60% of the world population) living in 46 different states. Despite its challenges, for the first time in 2012 Asia surpassed North America in amount of billionaires. More than 40 percent or 608 billionaires came from Asia, while North America had 440 billionaires and Europe 324 billionaires.

EUROPE: THE WORLD'S LARGEST ECONOMIC ENTITY

The European Union is the world's largest economic entity, with half a billion people and a gross domestic product slightly larger than the United States. It is the largest exporter, the largest foreign aid donor, the largest source of foreign investment, and a magnet for migrants. In spite of the recent crisis, its youth and entrepreneurs are extremely well educated, dynamic and ambitious. It is a region of immense potential, both within and further afield around the World.
