Introducing **Mighty Eagle Canyon Run™**, the latest game in RAW iGaming's extremely popular series of cascade games based on the proprietary, patent-pending **SuperSymbols™** game engine.

Watch as matching symbols land adjacent to each other in groups of at least 2x2 symbols, they merge to form larger paying shapes (SuperSymbols). These will keep expanding horizontally and vertically when individual instances of the same symbol land adjacent to them. The bigger the symbol grows, the bigger the win.

The game is played on a 5-reel, 5-row panel that can expand to 20-rows high and offers up to 5,996x your bet.

GAME FEATURES

Cascades - Losing symbols are removed from winning panels, and the panel expands by an additional row. When large SuperSymbols™ form they can also force the reels to expand vertically, to a maximum height of 20-rows.

Mighty Eagle Canyon Run - This feature can be triggered on a paid game round or free spin. An Eagle carries a multiplier symbol which changes randomly until the point that the eagle drops the symbol onto the panel. The entire winning round is multiplied by a value between 2x-8x in the base game and up to 20x in Free Spins.

Mighty Eagle Multiplier Drops - A Mighty Eagle can randomly appear and fly towards the panel to drop a multiplier onto a SuperSymbol with random multipliers of 2x - 6x are applied to one or more previously winning symbols which causes a new cascade.

Free Spins - Free Spins are played on an expanded 6-reel panel and can re-trigger. Extra multiplier symbols of 2x-5x are added to the reels and can activate when landing adjacent to a SuperSymbol. All Mighty Eagle features are active during Free Spins with the Mighty Eagle Canyon Run feature offering higher multiplier values up to 20x.

Mighty Eagle Re-spins - On any losing initial spin there is a chance that the Mighty Eagle Re-spins feature will trigger. When triggered, the eagle will fly across the screen causing a re-spin.

SuperSonicSpins™** - Play the game at a rapid speed for a preselected number of spins using a simplified visual presentation.

Bonus Rush®** - Why wait for the bonus round, rush straight into the action with Bonus Rush®.
