

# Meet the Sleek Future OF Urban Mobility

**FAST CHARGING, LONG RIDES**   
Achieve a full charge in under 4 hours and experience up to 95 km of range on a single charge

**COMFORT REDEFINED**   
Built with advanced suspension and ergonomic design, ensuring a smooth ride over any terrain

**ADVANCE SAFETY**   
Equipped with a Combined Braking System (CBS) for balanced braking power and shorter stopping distances, providing peace of mind on every ride

**THRILLING PERFORMANCE**   
Experience a powerful ride with a 5.1 kW motor and top speeds of 95 km/h for urban and off-road adventures

TOP SPEED

**95** kmph

RANGE

**95** km

FAST CHARGING

**4** hr

MAX POWER

**5.1** kw

## Technical Specifications

Motor	Mid mounted 72V BLDC Motor	Rims	Front - 2.15-17   Rear - 3.50-17
Max Power	5.1kW	Tyres	Front - 90/80-17   Rear - 120/70-17
Battery Type	Polymer Lithium	Suspensions	Front : USD Hydraulic Telescopic Suspension, Rear : Mid Mounted Mono Shock
Battery Capacity	72 V 45 Ah	Brakes	Hydraulic Combined Breaking System
Charging Time	4-5 hrs	Colours	Orange, Yellow, Black, Gray, White, Red
Range	95 km (Single battery)		

Max Speed	95 km/h
Weight	101 kg (with Battery)
Wheelbase	1347 mm
Ground Clearance	189 mm
Seat Height	770 mm
Dimensions	L: 1982 mm x W: 740 mm x H: 1031 mm
