## Experience

### Aura — Senior Product Designer

Sep 2020 – Oct 2023

Working at Aura, I've been engaged in various projects across multiple cross-functional teams.

Some of them are:

- Working on the redesign and new concepts.
- Designing user experiences for new functionality.
- UXR and improving the current usability of the app.
- Conversion optimization for Enrollment and Onboarding experiences.
- Managing design system.

### Beetroot Academy — Teaching UX/UI Design Course

Now 2022 – Apr 2023

I had been conducting a course for 15 students. My responsibilities were to create presentations, run lectures and workshops, and help students prepare their course projects.

### Trinetix — UX/UI Designer, Design Lead

Aug 2015 – Sep 2020

My work included the whole spectrum of design processes such as research, ideation, prototyping, designing of UX and UI, and testing, as well as communication with other teams to present those ideas and bring them to life.

### Brisk Mobile Inc — UX/UI Designer

Oct 2013 – Aug 2015

At Brisk Mobile, I've designed several mobile applications for the US and Canadian markets.

---

## Education

### Admiral Makarov National University of Shipbuilding

Sep 2006 – Feb 2012

Master's degree, Automatic Control Systems

### STEP IT Academy

Sep 2009 – May 2012

Design and Computer Graphics
