RIDGE RECTANGULAR

Pedestal table in wood or marble

Ridge Rectangular is a small pedestal table, designed for the edge of daily life: the place next to a sofa arm, a lounge chair, or a bed where a surface needs to sit close without taking over the room. It offers enough surface for a glass, book, and small objects while staying visually light.

Ridge is offered in solid wood for warmth and everyday tactility, or in marble for architectural weight. Marble versions use a stone top with a birch plywood understructure engineered for stability and long-term performance.

DESIGN

Simo Lehtonen, 2026

MATERIALS

Table top:

- Solid wood (30 mm): walnut, ash natural or ash with black finish.
- Marble (20 mm): Nero marquina, Arabescato or Statuarietto, with black or white birch plywood understructure (20mm).

Legs:

- Solid wood: walnut, ash natural or ash with black finish
- Marble: Nero marquina, Arabescato or Statuarietto

Finishing:

- Solid wood: matt lacquer
- Marble: pre-sealed for stain protection

DIMENSIONS

- Table top size: 540 x 450mm
- Two alternative heights: 450mm and 500mm
