

# ReyesCoin Whitepaper

## 1. Introduction

ReyesCoin (RYC) is a decentralized meme coin launched on the Binance Smart Chain (BSC). Our goal is to create a transparent, community-driven, and fun cryptocurrency based on a fair launch model - with no presales, no insider advantages, and no central control.

## 2. Mission

We are committed to the true spirit of decentralization:

- No presale
- No team tokens
- 100% transparency
- Locked liquidity
- Community first!

ReyesCoin is built for those who believe that fun, fairness, and community are the future of blockchain.

## 3. Tokenomics

- \* Token Name: ReyesCoin
