DISTRIBUTION TO
Dubai, Across the UAE, Oman,
Qatar and Saudi Arabia.

We are committed to upholding the highest standards of quality throughout our manufacturing process.

Our facilities at Albaraka Food and Beverage Industries LLC stands as a testament to the ever growing need to supply the industry as we continually strive for "best in class" machinery.

With a sprawling manufacturing and warehouse facility that exceeds 50,000 square feet, the company has established itself as a powerhouse in the industry, integrating various aspects of production, branding, and distribution under one roof.

One notable aspect of Albaraka's operations is its commitment to maintaining control over the entire production process. By blowing their own bottles, the company ensures quality control from the very inception of packaging. This level of involvement in the manufacturing process allows them to adhere to the highest standards, providing customers with products that meet not only their taste preferences but also stringent quality criteria.

The company's commitment extends beyond just manufacturing, as they actively engage in the creation of their own brands. This innovative approach not only distinguishes them from competitors but also allows them to tailor products to the unique demands of the market. This strategy empowers Albaraka to develop a diverse portfolio of offerings that resonate with consumers, giving them a competitive edge in an ever-evolving industry.

Furthermore, Albaraka Food and Beverage Industries LLC goes beyond conventional practices by establishing and managing its distribution channels. This end-to-end control over the supply chain enables the company to streamline logistics, ensuring efficient and timely delivery of products to various retailers and outlets. By managing their distribution network, Albaraka can adapt swiftly to market trends and consumer demands, enhancing their overall agility in responding to industry dynamics.
