Brighton

The brightest yellow in Ecuador

Inspired by the intensity of the Ecuadorian sun, Brighton dazzles with a golden yellow color full of life and elegance. Its large bloom, harmonious opening, strong stems, and excellent post-harvest performance make it a trusted variety for the most demanding markets. It represents joy, energy, and abundance, making every arrangement a celebration of the natural beauty born in the heart of the Andes.

Girasoles

*The energy of the Andean sun
in every stem*

Grown in Ecuador's highlands, where warm days and cool nights produce long, sturdy stems, our sunflowers stand out for their vibrant golden yellow color and impeccably textured centers. They offer excellent post-harvest performance and stable color throughout distribution. A symbol of joy and abundance, they are ideal for seasonal arrangements, corporate events, and collections full of vitality

Tinted Roses

*Unlimited color: floral art from
Ecuador*

Premium Ecuadorian roses, colored through absorption and spray techniques in unique shades such as blue, lavender, fuchsia, and rainbow blends, with glitter finishes for a luxurious effect. They preserve the strength and vase life of high-altitude roses. Ideal for themed events, key commercial seasons, and clients seeking distinctive floral offerings

Preserved Roses

Natural beauty that lasts for years

Premium Ecuadorian roses preserved at peak bloom using natural compounds that retain their softness, shape, and color. They require no water, sunlight, or refrigeration, maintaining their beauty for one to three years. Available in a broad range of colors, they are ideal for luxury florists, interior décor, and gift brands.

The background of the entire image is a dense, close-up photograph of numerous red roses. The petals are a vibrant red, with some showing darker, almost maroon tones in the shadows. The roses are in various stages of bloom, creating a textured and layered appearance.
