Who We Are

Jerry John Logistics Services LLC arranges reliable air, sea, and land transportation for all types of cargo, selecting the most cost-effective and efficient shipping routes to ensure timely delivery. Based in Dubai, we serve clients moving raw materials, industrial equipment, machinery, consumer products, and general commercial cargo across regional and international routes.

Beyond transportation, we provide secure warehousing and storage solutions, along with import and export customs clearance through Dubai Customs, giving our clients a single, dependable partner for every stage of the supply chain.

Our Commitment

To move cargo safely, efficiently, and in full compliance with UAE regulations — so our clients can focus on running their business while we manage the logistics.

Cargo We Handle

- Raw materials
- Industrial equipment & machinery
- Consumer products
- General commercial cargo

01

Air, Sea & Land Freight

We arrange transportation by air, sea, and land, selecting the most cost-effective and efficient routes to ensure timely delivery for every type of cargo.

02

Warehousing & Storage

Secure storage solutions for raw materials, finished products, and general cargo, with safe handling and organized inventory management.

03

Customs Clearance

Import and export customs clearance through Dubai Customs for raw materials, industrial equipment, machinery, consumer products, and commercial cargo.

Full Compliance, Every Shipment

Our experienced team ensures full compliance with UAE customs regulations, delivering a smooth, hassle-free clearance process for every shipment — no matter the cargo type.

Why Choose Us

On-Time Delivery

We select the most efficient air, sea, and land routes to keep every shipment on schedule.

Full Compliance

Our team ensures full compliance with UAE customs regulations for smooth, hassle-free clearance.

Secure Handling

Safe handling and inventory management across all our warehousing and storage facilities.

Experienced Team

An experienced team managing every step, from customs clearance to final delivery.
