# More than half of Mexican respondents were unsure or did not feel safe

Mexico safety survey | April 2026 | 500 complete responses

**54.2%**

answered either "more or less" or "no" when asked if they feel safe in Mexico

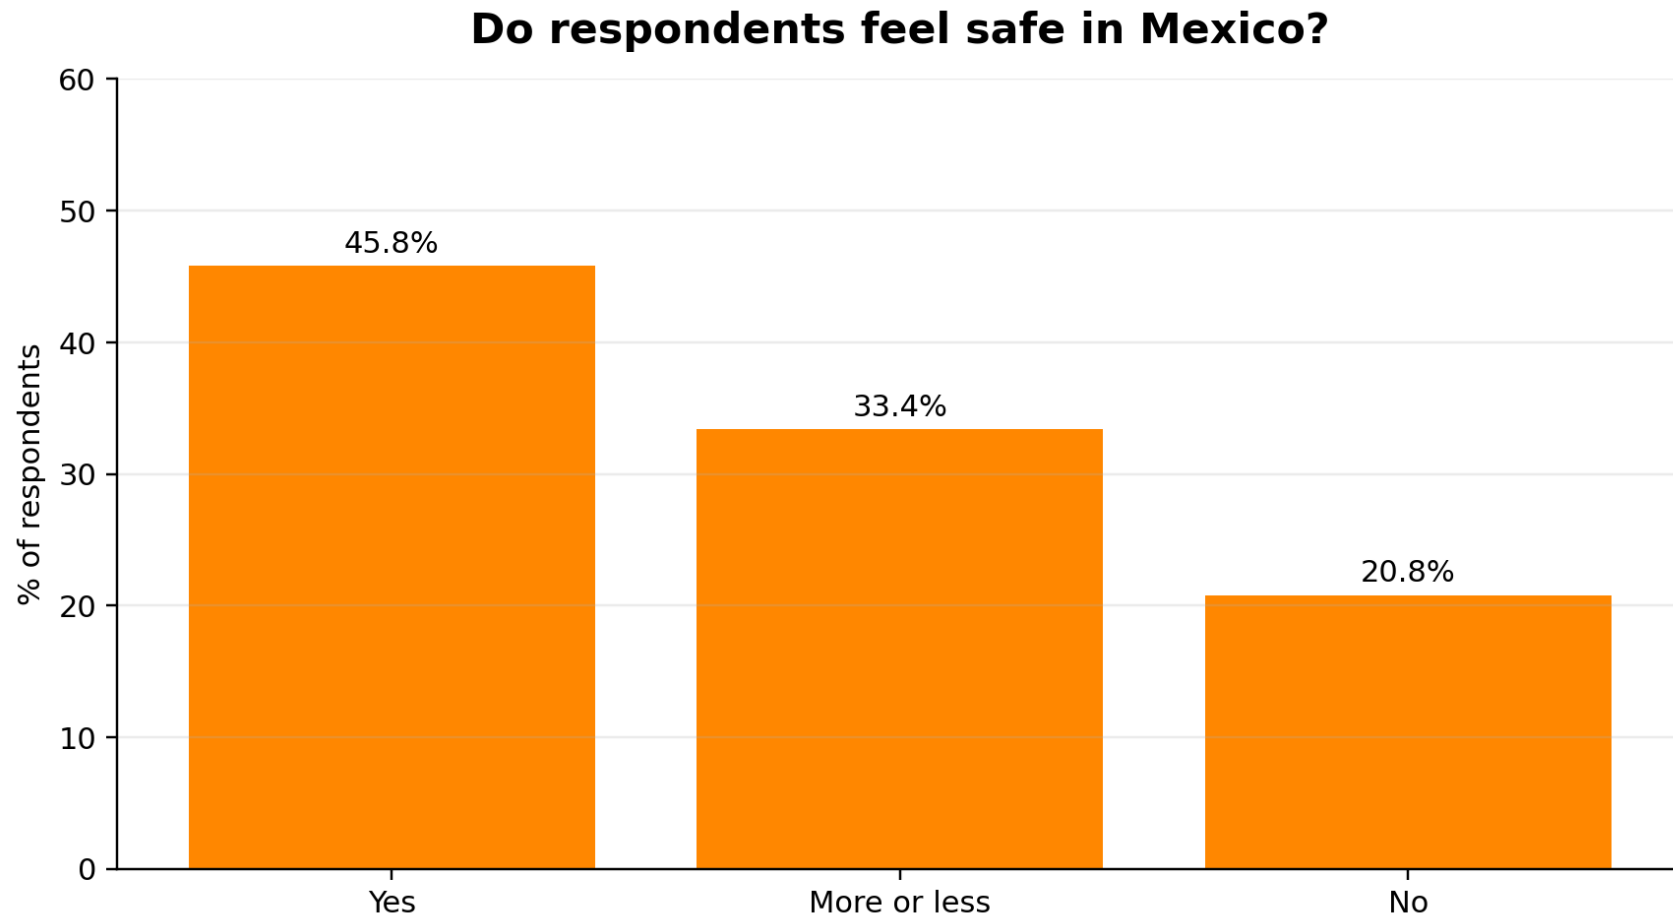

**45.8%**

answered yes

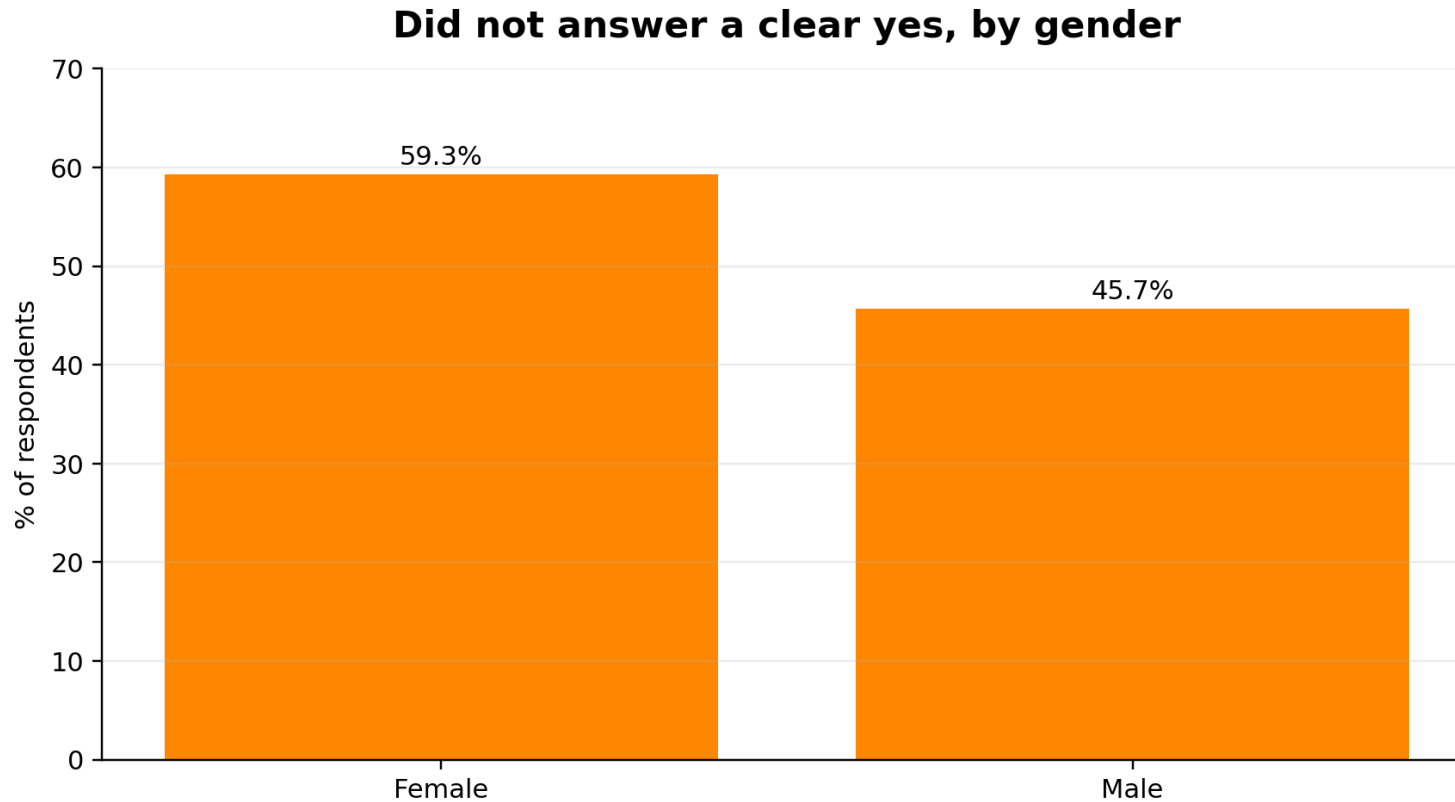

# Key findings

- 45.8% of respondents said they feel safe in Mexico.
- 33.4% answered more or less, while 20.8% said no.
- Overall, 54.2% did not give a clear yes.
- A clear yes was reported by 40.7% of women and 54.3% of men.
- The answer no was selected by 23.9% of women and 15.6% of men.
- The highest share of respondents not giving a clear yes was among those aged 45-54.

# Do respondents feel safe in Mexico?

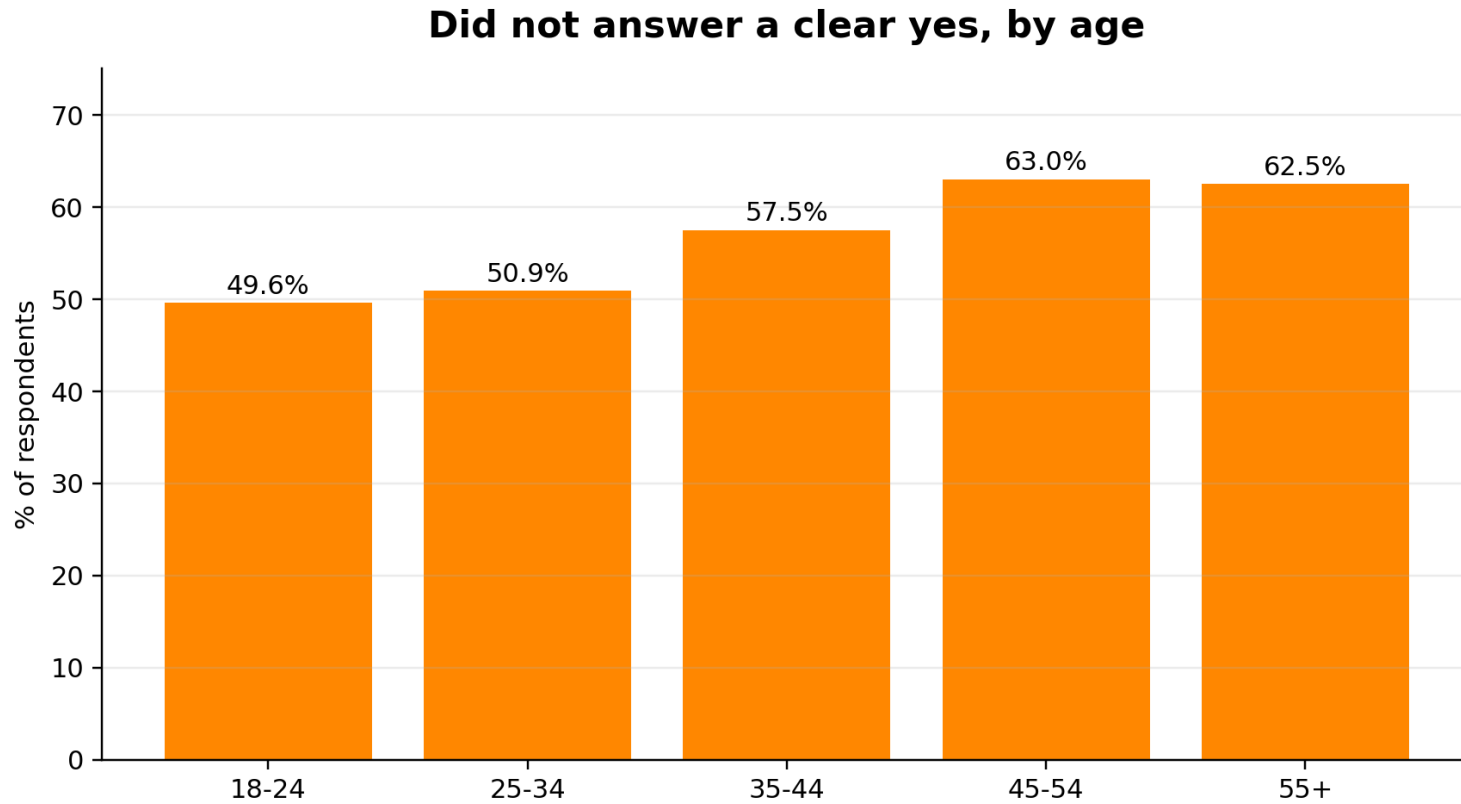

# Women were less likely to answer yes

A clear yes was reported by 40.7% of women and 54.3% of men. The answer no was selected by 23.9% of women and 15.6% of men.

# Answers also varied by age

Respondents aged 45-54 were the most likely to answer either more or less or no, at 63.0%.

# Methodology

The survey was conducted on April 17, 2026 through Bohemian Research respondent apps MultiPolls, Golden Surveys and RewardRoo. The analysis included 500 complete responses from respondents in Mexico. Respondents answered the question: "Do you feel safe in Mexico?" Results are presented for respondents included in the survey and were not weighted.
