Hair Photography

- Half day rate 1 to 3 finished looks
- Full day collection 6 to 8 looks

Packages come in two forms:

- A half day shoot which results in 1 to 3 high end edited images suitable for single or multiple entry industry competitions.
- A full day shoot which results in 6 to 8 high end edited images suitable for a competition that requires a full collection. As most collection categories require 6 finished photos, I have allowed for the extra 2 looks, my experience has shown me that it's always great to have the 1 or 2 extra looks in case one of your planned shots isn't quite right for the whole collection. In brief meetings I will always encourage you to shoot those extra looks as a backup.

Each package is identical with the only difference being the number of finished images and includes the following:

- Initial brief meeting to discuss concept, set design and overall feel of the shoot.
 - o Please bring your mood boards and any other images you feel you need to convey your desired result. At this meeting we will discuss your proposed result and lock down your editing look.
- Pre-shoot meeting 2 weeks before the shoot to finalise details and go through a run sheet for the day. (This must be ready for the meeting in order for your day to run smoothly)
- Shoot day which generally runs for approximately 8 hours allowing some flexibility. (Note anything above a 10-hour day will incur a surcharge of \$100 per hour)
- Post shoot meeting to narrow down best images and select final images to edit.
 - o At this point you have the option to adjust any changes to your proposed edit style, keeping in mind these changes are usually colour to black and white and vice versa, any other changes may be discussed however they may not be possible due to how your images were shot from a lighting, direction and style point of view.
- Pre-delivery meeting to review edits and make any final adjustments.
- Final delivery of images on a USB. (Your images will come in several formats: Full resolution uncropped, Full resolution cropped to size, Medium or Low resolution cropped to size as dictated by specific competition requirements. You will also receive the narrowed down images from pre-selection in Low res format for future reference should you require further edited images)

What's not included:

- Any editing that is a change from your original brief. Should you change your mind about the direction of the edits after the post shoot meeting there will be a surcharge of \$100 per image already edited that needs to change. It is vital that in the post shoot meeting you are firm with the direction of the edit prior to the commencement of any work taking place.
- Studio space, should you require a studio for the shoot one will be made available at an extra charge of \$600 for the day.
- Travel costs outside of Adelaide metropolitan area, eg rural, country or interstate. All travel cost will be additional, this includes flights and accommodation as well as luggage costs for equipment.
