

Edition 02: Dumbbell

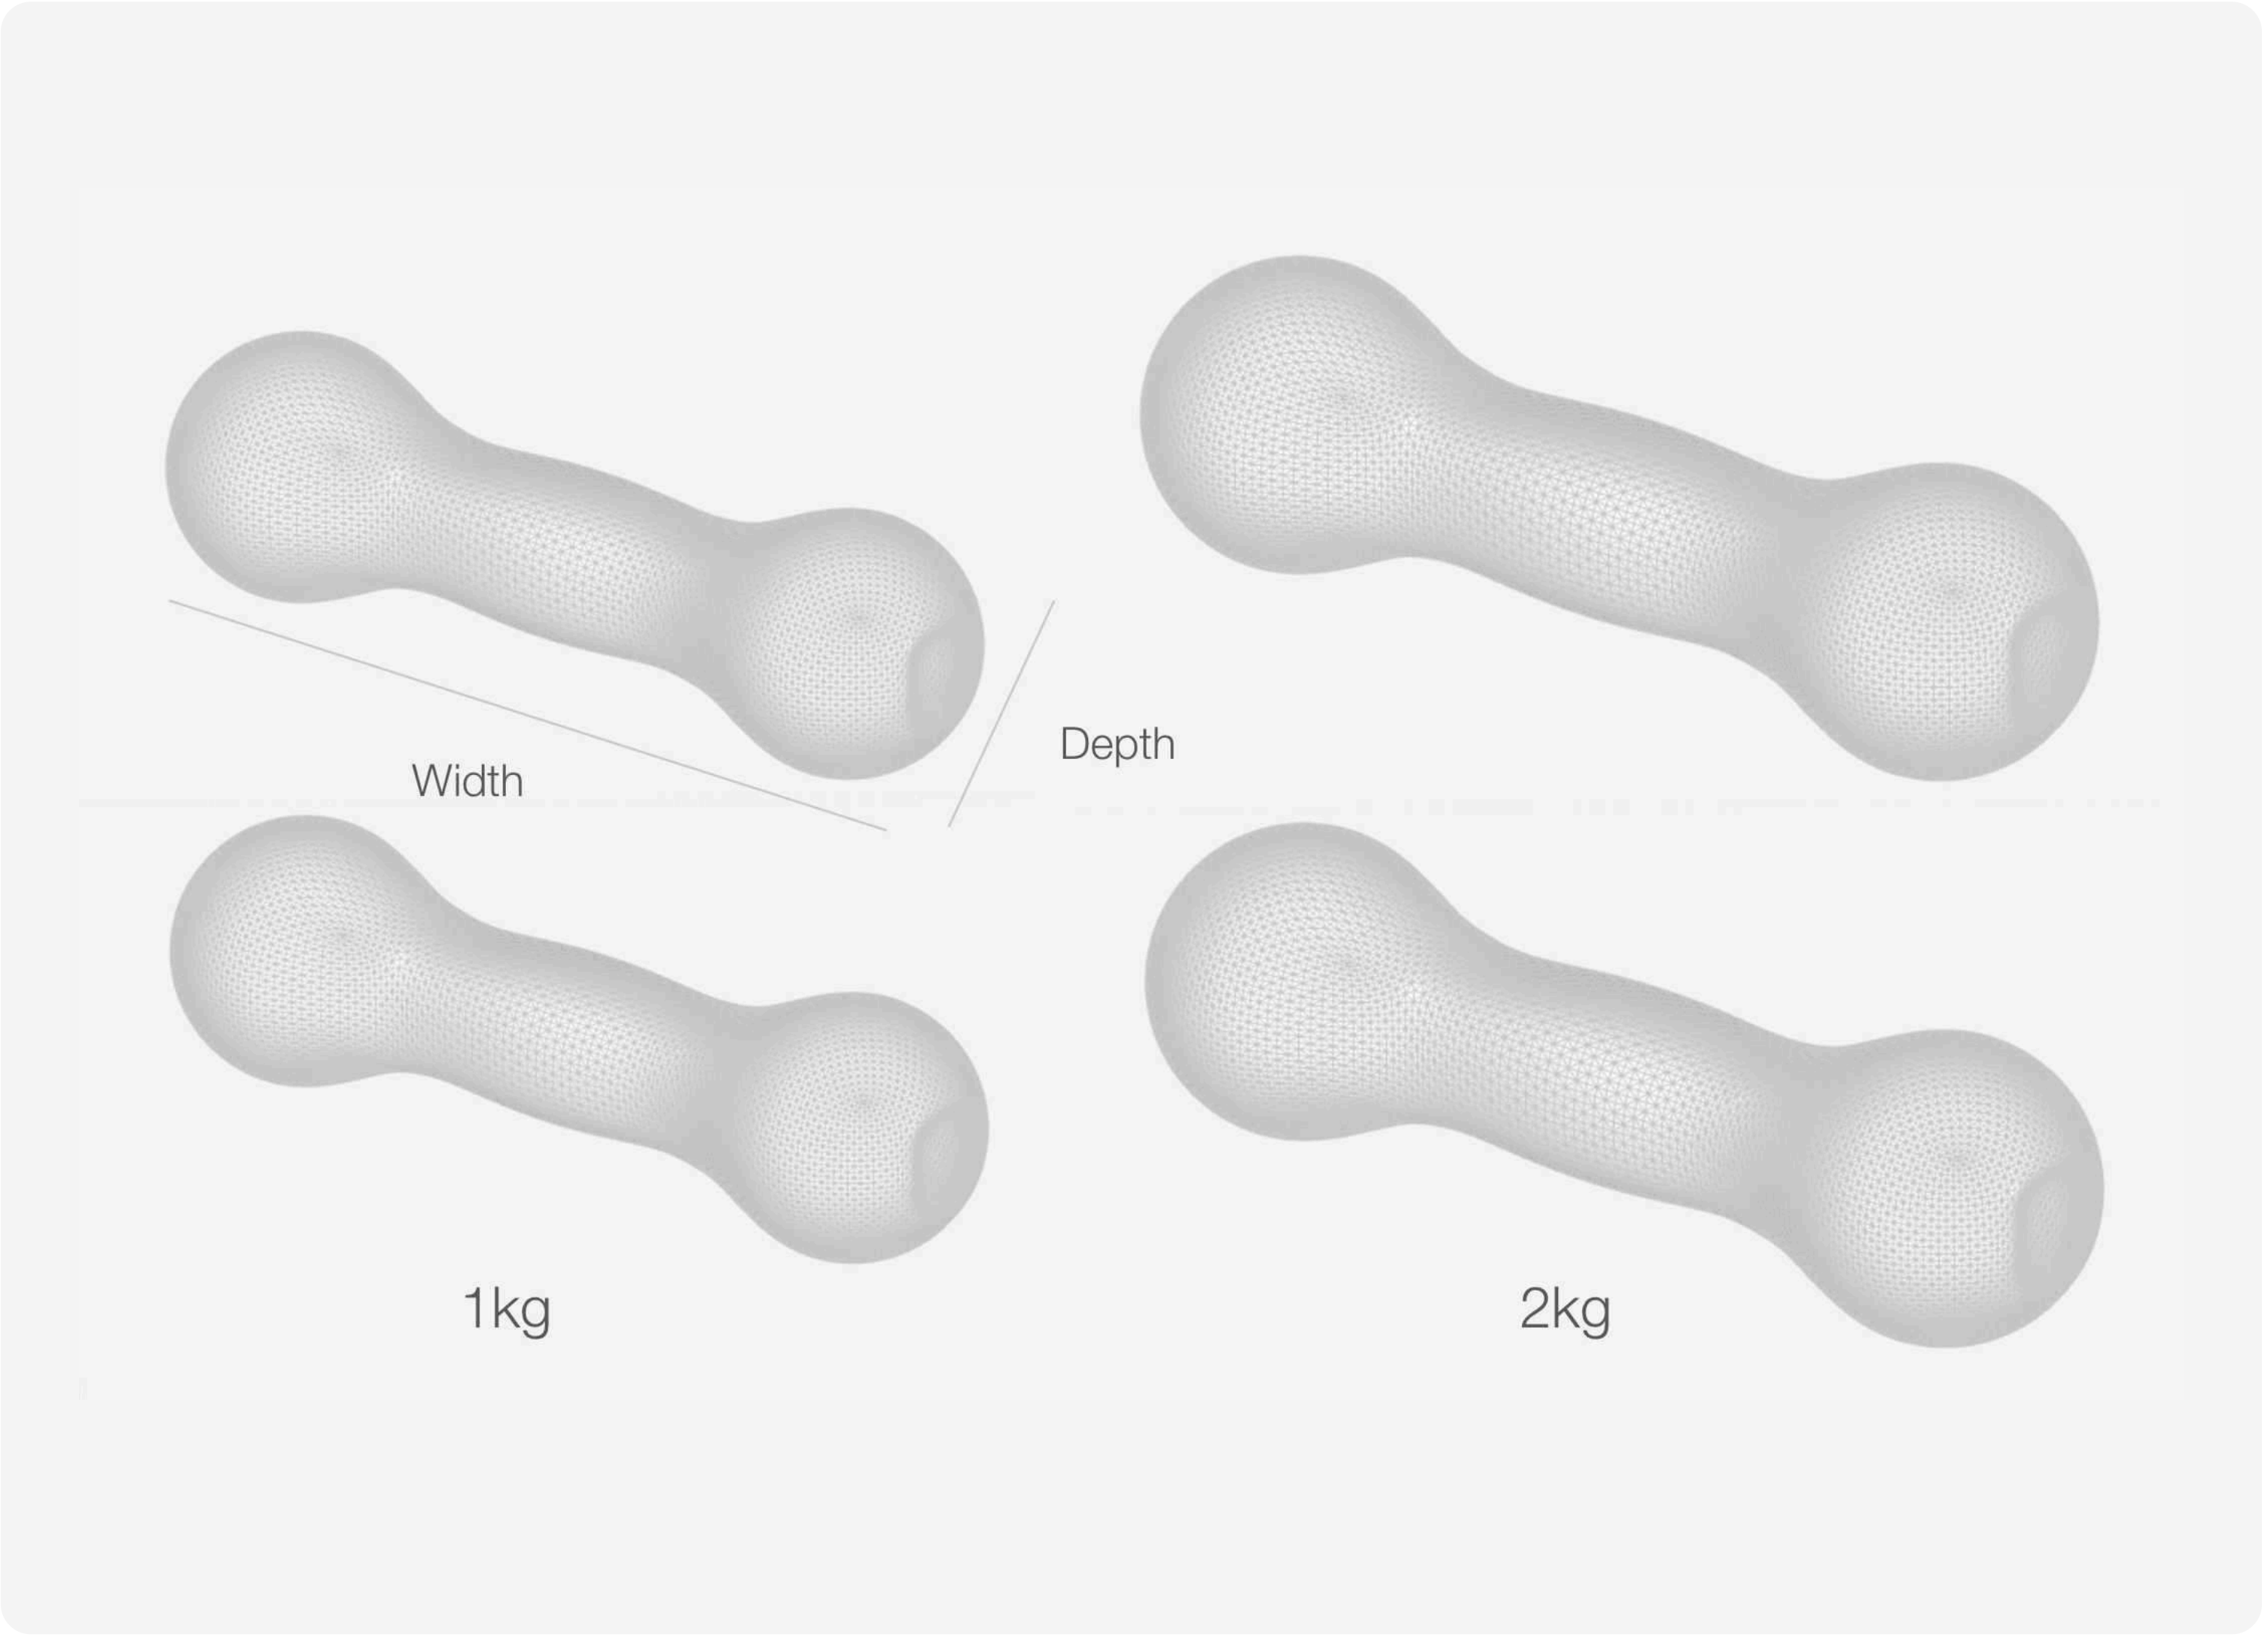

The dumbbell, reimagined.

The Edition 02 continues our commitment to purpose-made ergonomic strength equipment. Smooth contours and a cool stone surface deliver grip and control in an organic form. They grip comfortably in the hand, without pinching or blistering.

Available in sets of 1kg and 2kg, the Dumbbells are cast in a high-density stone composite, specifically formulated for impact resistance and durability in high-use environments. This material supports full customisation, including bespoke colour matching and integrated debossed logos.

General Dimensions		W x D
	1kg	22 x 6 cm
	2kg	25 x 7 cm

Materials	Engineered stone, recycled steel framework
Origin	Shropshire, England
