

ONE NATION *Overcharged*

Our healthcare system is broken.
Together, we can demand better.

share
your
voice!

Bring the fight for LOWER HEALTHCARE COSTS to your community.

When we speak up, share our stories, and bring more people into the conversation, we build the pressure needed to put people over profits—and health over corporate wealth.

Here's how YOU can take action today:

Record a short video at
stories.onenationovercharged.com

**Tell us why you're in the fight for
affordable healthcare!**

You can share:

- ➔ A time you were **OVERCHARGED** for the healthcare you needed.
- ➔ A **CHOICE** you had to make because of the high cost of care.
- ➔ How healthcare costs are affecting **YOUR FAMILY** or people you care about.
- ➔ Why **YOU** believe our system should put people's health before corporate profits.

Not sure how to begin? Try:

💬 "I'm speaking up with One Nation, Overcharged because..."

💬 "Healthcare costs have affected me personally by..."

💬 "Our healthcare system is..."

💬 "Lower healthcare costs are important to me because..."

**You don't need a script. Just speak your truth.
THEN, share your video on social media and invite
THREE friends to speak up, too.**

Grow the movement in your community

ONE NATION,
Overcharged

Healthcare costs affect our everyday lives. We need to talk about it in everyday spaces. Start a conversation about high healthcare costs at your next:

Town Hall or Community Meeting

“What will you do to lower healthcare costs for our community?”

“How will you hold healthcare corporations accountable for putting profits ahead of people?”

PTA or School Meeting

“How are healthcare costs affecting families at our school?”

“How will you hold healthcare corporations accountable for putting profits ahead of people?”

Book Club, Faith Meeting, or Neighborhood Meeting

“In our faith/community, how are we called to care for each other when we’re struggling with healthcare costs?”

“What would a healthcare system that truly put our health over corporate profits look like?”

Union or Workplace Meeting

“How are rising healthcare costs affecting workers?”

“What can we do together to demand more affordable healthcare?”

CONVERSATION
starters

“I’ve joined One Nation, Overcharged, a people-powered movement to lower healthcare costs and fix our broken system.”

“Can you take five minutes to talk about how healthcare costs are affecting people in our community?”

“What do you think about healthcare right now?”
