DECODING COMPLEXITIES

ABOUT SHARSTONE GLOBAL

Sharstone Global LLP is a new age firm that believes in building the future. We look beyond the problems and create strategies that help our clients grow. Our ethos are rooted in evidence-based research, critical thinking, ethical practices, and building enduring partnerships that help organisations unlock their true potential.

As the world becomes more knowledge driven and economies more knowledge based, our aim is to make a difference in our clients' portfolios by supporting their decision making based on clarity, collaboration, and commitment.

At the heart of our work lies the belief that every engagement is unique. We provide solutions based on extensive research and development, focus on innovation, trust building & upholding integrity.

YOUR PARTNER IN DECODING COMPLEXITIES

We don't tell you how to decide, we just get you the parameters that aid decision making - practical, ethical and without the clutter.

RESEARCH

Leading with evidence, backed by data.

We give you the facts, uncovered, unfiltered. No tall promises, no disguised opinions. Just simple narration with clear indicators. We explore, we verify and give you work that you can stand behind.

ADVISORY

Build with us on solid grounds.

Running a business isn't easy. We step in to dive with you in the depths of real challenges so that you focus on opportunities. We map what is true. No templates. No recycled studies. Just facts and identifying dots that connect.
