Programme Details:

This is a four-year, full-time program that provides a comprehensive understanding of accounting principles, practices, and techniques. This program is designed to prepare students for a wide range of career opportunities in the accounting profession by focusing on financial accounting, corporate reporting, cost and managerial accounting, taxation, auditing, and accounting information systems. While both accounting and finance are crucial for business success, this programme emphasises financial management, focusing on the accurate recording and reporting of past financial transactions. Accountants ensure that financial statements are accurate and comply with regulations. Providing our businesses with an accurate assessment of their health to decision-makers and investors.

Entry Requirements

Admission to the BACT programme is open to students from all academic streams (Commerce, Arts & Sciences) who meet the following criteria:

- Successful completion of Class XII with a minimum of 50% in Mathematics/Business Mathematics and a pass in English and Dzongkha.
- Applicants will be merit-ranked based on their ability rating points in subjects including Mathematics/Business Mathematics, Accounting/Economics/Physics/Chemistry/Biology, English, and Dzongkha.
- Shortlisted applicants are required to take the GCBS Entrance Test (GET).
- Selection is based on a combination of Ability Rating Points (60%) and GET scores (40%).

Note: This is subject to change. Please check the GCBS official website for more details.
