

CAR INSURANCE: DEPRECIATED CAR COVERAGE

Ask Yourself:

Am I overinsuring a Depreciated car?
If my car is 10+ years old, am I paying for Collision/Comprehensive coverage that costs more than the car's actual replacement value?

What to Say to Your Provider:

"What is the price difference if I remove Collision and Comprehensive coverage on my [Year/Make/Model]."

Ask yourself:

Based on the market value of the car, is the premium I'm paying worth the potential payout?"
