

TECHNICAL CURRICULUM · HAIRDRESSING & BEAUTY SERVICES · FULL-TIME

HAIRDRESSING & BEAUTY

A complete, practice-based training programme for salon, studio and spa.

Hair, skin, nails and make-up in one occupation.

THE PROGRAMME

Working with people is a craft that can be taught. This programme builds that skill, from the scalp to the fingertip.

Hairdressing & Beauty is a practice-based full-time programme that deliberately unites the hairdressing strand and the beauty strand into a single occupation.

Across thirty-two specialist modules, trainees progress from salon basics, hygiene and consultation through cutting, styling, colouring and reshaping to skin treatment, massage, make-up as well as hand, foot and nail care.

The emphasis is on practice throughout. Trainees learn on the practice head, on models and on real clients, at professional salon and beauty stations.

Every module concludes with an assessed practical piece, so competence is shown through real work and not on paper. The structure is modular, stackable and remains RPL-compatible.

The programme is offered as a curriculum, as a matching equipment specification or as a turnkey package for your site.
