Summary

Graphic designer with a BFA in Graphic Design focuses on branding and visual identity. Expertise in UI/UX design and web prototyping, coupled with experience in managing projects that enhance engagement and sales. Combines design thinking with technical skills to deliver cohesive visual systems across digital and print media.

Experience

Design Intern, SMART Hair Implanter / American Instruments 06/2026 – 09/2026

- Solely managed the end-to-end digital overhaul of the company's web presence, leading the complete website rebuild from concept to deployment.
 - Elevated the brand's digital footprint by creating custom UI graphics and conversion-focused landing page layouts, while authoring strategic copywriting to clearly communicate complex medical-technology concepts and improve user engagement.
- Remote

Fabrication Lab Technician Intern, The University of Tampa 01/2024 – 05/2026

- Supervised daily fabrication lab operations and assisted students with the safe use of equipment including laser cutters, 3D printers, vinyl cutters, large format printers, CNC Router, and design software.
 - Provided technical support for student design projects, including troubleshooting fabrication processes, material selection, and digital file preparation.
 - Maintained and serviced fabrication equipment to ensure reliable operation while enforcing lab safety protocols and training new users.
 - Managed lab organization and materials inventory while supporting the production and installation of student and faculty projects.
- Tampa, FL

Design Intern, All Goods MKE 12/2022 – 03/2023

- Collaborated with owner in creation of promotional items
 - Effectively curated universal logos & designs
 - Maintained a fluent level communication with the employer to exceed expectations
 - Developed creative concepts and designs for digital campaigns while working closely with marketing team.
- Milwaukee, WI

Crew Member / Cook, Sky Zone 12/2020 – 10/2021

- Perform demonstrations to highlight company products
 - Represent products with integrity and knowledge
 - Maintain warm, friendly interactions with customers
 - Enforce rules & regulations effectively while maintaining a fun environment
- Vernon Hills, IL

Cook, Antioch Pizza 10/2019 – 11/2020

- Process & prepare food orders for customers
 - Executed tasks efficiently in fast-paced environment
 - Partnered with team members to enhance workflow and streamline operations
- Antioch, IL
