BRAND STORY

Hivebit is a smart home automation company that seamlessly integrates and installs smart devices, processing data locally for privacy and performance. Led by IoT security and mechatronics experts, we achieve up to 26% energy savings through intelligent management. Our comprehensive security combines AI-powered image recognition with advanced sensors. Supporting over 99% of smart devices and offering custom hardware, we create tailored environments for each client's unique needs. With localized voice assistants and custom automation, Hivebit transforms any space, whether building from scratch or have an existing building.

We believe the future is not just about convenience but intelligence—where every bit of technology enhances your way of living.

WHY US?

Unlock the Future of Smart Living with Hivebit

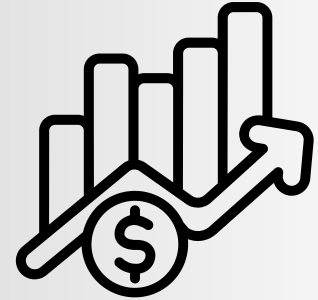

Competitive Edge in Real Estate

- Unique Selling Proposition (USP): AI-powered smart homes
- Market Advantage: Stand out in a crowded market

Enhanced Marketing & Sales Strategy

- AI-Driven Showroom Experience: makes properties more attractive.
- Premium Buyer Attraction: Appeal to tech-savvy buyers who value innovation and convenience.

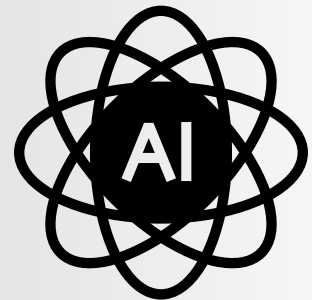

Increased Property Value

- Higher Market Valuation: AI automation allows for premium pricing.
- Smart Investment Appeal: Buyers see long-term savings and convenience.

AI-Powered Efficiency & Sustainability

- Energy Savings: Smart automation optimizes power usage, reducing costs.
- Eco-Friendly Appeal: Sustainability attracts high-end buyers and investors.

HIVEBIT

Good Morning

Begin your day effortlessly with Hivebit—where the curtains gently open to let in the morning light, and with just one touch, the air purifier, bathroom lights, and coffee maker all spring to life.

Set a wake-up time, and Hivebit will take care of the rest automatically

- Turn off the night light
- open the curtains
- start the coffee maker
- switch on the bathroom lights
- activate the air purifier
- disable alert mode
